NM	0	0	0	0	
OK	0	0	0	0	
TX	2	3	0	0	
Total	2	5	0	0	= 7

#### Significant Events

---

**Date:** 2014/10/20      **Time:** 19:05      **Type:** Spill Report (NRC#: 1098153)

**Location:** MOORINSPORT, LA (CADD0 Parish)

**Description:** - There are 271 total personnel working the Response.

- There have been no reportable injuries
- Total estimated liquid recovery to date is approximately 2550 bbls of crude oil, and 1553 bbls of water and 458 bbls of oil/water. Estimated total of oil went down slightly from yesterday.
- 14,900 feet of hard boom and 4040 feet of absorbent boom deployed.
- Unified Command implemented the Home Owner Re-Entry Plan and Louisiana State Police informed evacuees that they could return home. Two residents out of three are now back in their homes. One resident has decided to remain in a hotel due to underlying health conditions. The spill pathway adjacent to the residences remains a top priority for oil removal.
- No impacts to Caddo Lake have been reported; Oil collection points remain unchanged at Old Mooringsport Latex Road and Hereford Road. A third collection point has been added and is operational along Miller Branch Creek between OML Road and Hereford Road.

9559565

- The pipeline spill origin point has been excavated, isolated and wrapped in preparation for removal under the supervision of PHMSA. Removal of the damaged joint of pipe will likely occur later this week.
- A pathway is being created along the entire stretch of the impacted creek using shredders for access.
- 8 reptiles captured, 7 reptiles cleaned, 2 reptiles released, 26 reptiles dead on arrival. 1 bird captured, 1 bird cleaned, 1 bird dead on arrival. 70 dead fish have been collected.
- The UC has reviewed and approved a Demobilization Plan, a Decontamination Plan for workers in the hot zones, Site Safety Plan, Waste Management Plan, and Home Owner Re-entry Checklist.
- Unified Command is creating a Weather Contingency Plan.
- Unified Command sent out a media press brief.
